### Options

1. Built-in Backup Battery	Call for price	Call for price
2. High Gain Antenna	Call for price	Call for price
(The High Gain Antenna is only recommended for use in areas with poor cell service)		

### Notes:

- Both solutions support any make or model generator, and are ideal for managing mixed fleets.
- Dealers may allow homeowners to access the website, and/or use the smartphone app, to assist in managing their own generator(s). Homeowner privileges are granted at the dealer's discretion.
